WT Docket No. 16-421  
COMMENT SOUGHT ON STREAMLINING DEPLOYMENT OF  
SMALL CELL INFRASTRUCTURE  
MOBILITIE, LLC PETITION FOR DECLARATORY RULING

Ms. Marlene H. Dortch  
Secretary  
Federal Communications Commission  
445 12<sup>th</sup> Street, S.W.  
Washington, DC 20554

If wireless towers were wanted by our citizens, there would be no need for wireless carriers to request a declaratory ruling. Our communities are unanimously opposed to the forced installation of conspicuous, unsightly towers in front of our homes.

Policies that strip residents of the right to decide what types of structures are built in their communities and near their homes are unjust and unnecessary. If you would not welcome this "small" cell infrastructure directly in front of your own home, you must oppose this measure.

With kind regards,
